

To all Connecticut Legislators,

The middle class is dying in Connecticut and our Country. The "backbone" of our economy IS the middle class! We are BROKEN. We are BROKE! The taxpayer NEEDS relief now!

Unbridled and never ending taxes will inevitably collapse our society, from which there will be no recovery. Reinvigorate the taxpayer base, slow the mass exodus from our State, and reduce taxes now! The world economy is in trouble, our national and State economy is in trouble, and it will only get worse in the foreseeable future.

Respectfully,
Richard and Sandra Mayhew
Plantsville, Ct.
